

Cherokee County has partnered with Crescent Health Solutions to provide disease management services as part of your health plan. Crescent provides disease management programs to assist those individuals who have diabetes. The Crescent Disease Management program is offered free to you as a benefit from your employer. All information is kept strictly confidential.

Benefits: education available for disease management, ongoing contact and one on one appointment with a nurse, and waived copayments of disease related medications and supplies.

Requirements: complete appropriate paperwork, including release of information form, complete regular lab work, and meet with nurse at least quarterly.

Crescent has seen many people improve their health status and state of well-being through participation in these programs. I sincerely hope you will take advantage of this opportunity, and look forward to working with you. If you have any questions or would like to enroll, please call your Crescent Nurse Jennifer Hodge at 828-231-9501.
